The Ksix Nano 10.000 mAh high-density powerbank is the perfect solution to charge all your devices no matter where you are. With a USB-A Quick Charge 3.0 port for up to 22,5W of power and a USB-C Power Delivery port of up to 20 W for a full speed charge. All this together with an ultra-light mini design that allows you to carry it around in your pocket comfortably. In addition, it comes with a 30-centimetre USB-C to USB-C cable.
