Product price:

€54.99

Reference: BXSX19N

EAN13: 8427542132990

The Urban 4 mini, with a much smaller size than the Urban 4 to fit smaller wrists, features a 1,74" multi-touch TFT screen loaded with colour and crispness. With its built-in microphone and speaker, you can make and receive phone calls directly from your wrist, as well as use your favourite voice assistant. Manage your phone notifications and enjoy a myriad of features with the MActivePro app thanks to its Bluetooth 5.0 + BLE 3.0 connectivity. And that's not all, with its sport and health monitoring you can keep an exhaustive control of your daily activity and physical exercise, as well as being submersible.
