

Universal car phone holder

SKU B9000SU17N | EAN 8427542092423

Maximum adjustment for road travel

Its fastening system through a small clamp ensures a perfect fit of the holder to the car's ventilation grille. It features a 360° rotation angle, allowing the smartphone to be adjusted vertically and horizontally. Easy and secure installation on the car's air vent to provide maximum stability of the smartphone while driving. Ideal for consulting the GPS during road trips it offers a range of amplitude between 5.1 - 8.5 cm and is compatible with smartphones between 3.5" and 6.3".
