

Smart lift-up desk

SKU BXDESK00 | EAN 6975208130009

A new working table concept

A smart desk designed for any home or office. Its dual motor allows to adjust the height and get the best posture for work or leisure activities. Connectable to the Nate Drive app to control the desk in real time, review the history of past actions, set reminders of movement and much more. Its control panel also regulates the height without connection. It incorporates extras such as USB port or a drawer with large capacity.
