

Emergency beacon V16 Safety Light

SKU BXFL01 | EAN 8427542987187

The best alternative to the triangle

Articulated and multifunctional V16 emergency light to alert other drivers in case of an accident or forced parking on the road due to a breakdown. Approved by the DGT (traffic authority in Spain), this beacon can be placed in various parts of the car thanks to its magnetic plate and double hook. It works with 4 alkaline batteries and offers a 360° vision up to 1 km away. With IP54 protection that resists rain and wind and with two light options: an emergency light and a white light for use as a flashlight.
