- BXLEDNEON5B | 8427542121086

Where creativity and lighting converge

The ColorLED Neon strips are designed to get creative with them. Their 5 metre length and three light modes (static, fast flash and slow flash) make them the perfect choice to decorate any room or even take a costume to the next level. They can also be trimmed to the desired length and blent in perfectly with the place where they are attached. Simply power them with two AA batteries (not included). They are available in three different neon colours.

3 LIGHT MODES

CUTTABLE

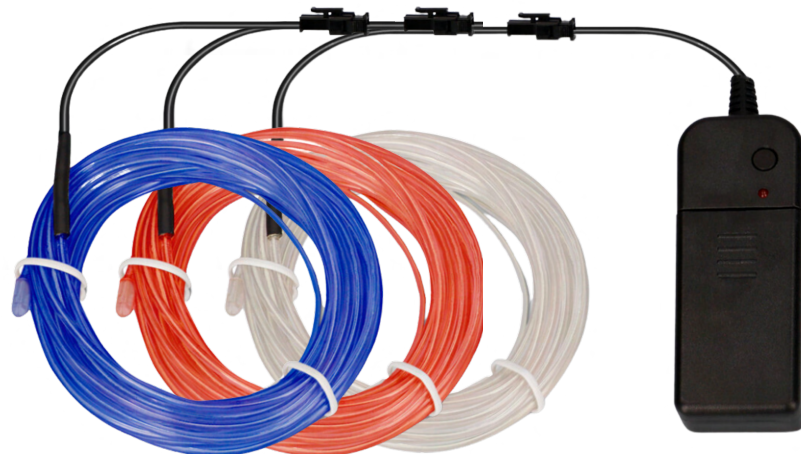

5m

LENGTH
