Emergency beacon V16

SKU LCFL02 | EAN 8427542116549

Magnetic base for better warning

Emergency light V16 approved by the DGT (Spanish Traffic Department) designed to alert other drivers in case of accident or forced parking on the road due to a breakdown. Thanks to its magnetic plate it is very easy to place on the surface of the car itself. It works with 3 alkaline batteries and offers a 360° vision up to 1 km away, so everyone can see that without any problem. With IP54 protection that resists rain and wind and a compact design to always carry it inside the car.
